n.e.c. Not elsewhere classified.

¹ Represents short tons of primary products of the industry shipped per man-hour worked by production, development, and exploration workers.

² Represents nonproducing establishments and establishments with no production, development, or exploration worker man-hours, with man-hours spent on exploration or development work amounting to 30 percent or more of total man-hours of production, development, and exploration workers, with cost of contract work amounting to 30 percent or more of production, development, and exploration worker wages, or with number of working proprietors amounting to 30 percent or more of number of production, development, and exploration workers. Also, includes figures for the number and payroll of employees at separately reported central offices and related facilities.
